Saturday Heats

Round 1 and 2 are mixed division heats - you are not competing against the people in your heat. At the end of Saturday, people are put in divisions, scores compared only amongst everyone's peers in that division, and the top surfers advance to Sunday's heats.

Aloha Team Heat

This is one final heat with your club selecting two members to represent the team. The Aloha Team division boils down to two surfers with two surfboards, from the same club surfing the same wave together with the best style, coordination and teamwork. The first rider up (per standard Point Break Rules) will have his teammate join them to share the wave and gracefully ride the wave together with Aloha.

Surfboards must be Logjam eligible boards - pre-1970, weighing more than 20 lbs.

Logjam Paddle Race:

PADDLE RACERS: Two of your team's registered surfers may paddle for your club on Logjam eligible boards (pre-1970, weighing more than 20 lbs). The course will be out-around two buoys-and-back, with up to eight racers competing surfer-on-surfer. This is not a relay race. Elapsed time is less than 10 minutes. No entry fee for paddlers since they already paid to surf. Paddlers earn substantial team points for their club.
